MUIRLANDS MIDDLE SCHOOL

PARENTCONNECTION CONSENT FORM

Thank you for your interest in the ParentConnection program. ParentConnection is a web-based application that parents can use on any computer with Internet access and a web browser. It provides parents secured Internet access to a wide array of their student's school data, such as district, school, and classroom news: student demographics; student schedules; attendance activity; progress reports; transcripts, and standardized testing results. The only information a parent can edit is their password and email address. Any person who is on the enrollment card can request a ParentConnection account. ** **A photo ID is required.** **
